

CHICKEN RANCHERS PROTEST OPENING OF GARFIELD AVE.

When members of the City Council assembled in the council chamber at 8 o'clock Thursday evening they found quite an audience present. A considerable number were there to protest the opening and extension of Garfield avenue. W. J. Hunt who said he represented H. Blakey at 903 East Acacia as well as himself made a vigorous protest against the proposed action of the Council as working a great hardship on chicken ranchers in that locality who had bought acreage which they wished to hold undisturbed. The opening of the street would make it necessary for them to move their plants which had been installed at heavy expense. The proposed street he pronounced too narrow and of little value unless opened its entire length from Glendale to Verdugo. R. D. Otto whose land faces Acacia also expressed his opposition to the movement, as did Mr. Montgomery. Mr. Esselman who stated that he lived on Adams, said it would cut his property in two and be a serious damage. Representatives of the petitioners for the improvements, two of them retired soldiers, also addressed the board declaring that they were entitled to water service and other privileges which they would get with the cutting through of a street and that the dairies and chicken ranches around them were a damage and nuisance. After the hearing of the protests had been declared closed, Councilman Stephenson stated that the frontage represented by the petitioners for the opening exceeded the frontage of the objectors by not less than 377 feet, and on motion of Councilman Lapham the Council voted to deny the protests. Later in the session an ordinance ordering the opening and laying out of Garfield as petitioned was introduced by Councilman Davis.

Water Main for Fairview Tract
E. D. Hamlin addressed the Council relative to a water main on Vine

street to serve the Fairview Tract stating his company was willing to pay half the expense but that the residents of the other side of the street were already served at the rear of their lots from a main on another street and therefore not disposed to join in the improvement. He asked if the city could not bear a part of the expense. The matter was referred to City Attorney Shaw for an opinion to be rendered at a subsequent meeting.

Honey Packing House

Mr. Benson as manager of the Blossom Bee Honey Company and his associate in the business Mr. Wilson, addressed the council for a permit to erect a building 60x20 on lots 4 and 5 at Eulalia and Garces avenues to serve as a bottling place and packing plant for strained honey brought down in bulk from apiaries in the mountains. They stated that the building would be on the rear of the lots close to if not within the industrial zone, that there would be no machinery, no odors, noise, or other objectionable features. The applicants stated they did not wish to go ahead with their plant unless assured they would be undisturbed and the matter was referred to City Attorney Shaw and City Manager Watson for investigation and report.

City's Pipe Laying Policy

Edward A. Carvel of 354 Oak street voiced a protest against the policy adopted by the city to relay water pipe only on streets where property owners petition for the improvement and are willing to bear the cost. He was reminded that at a general election Glendale citizens had voted in favor of that policy and was told that a rehearing of the matter would be given at a later date if desired.

Public Garage on Pacific

P. A. Pollock asked for a permit to erect a modern, up-to-date garage building on property at the Southeast corner of Broadway and Pacific (Continued on page 6)

CITY BUDGET FUND IS INCREASED \$23,385

By action of the City Council last night the general budget fund of the city gained more than \$23,000. This action was taken after a communication by City Manager Watson that this unappropriated amount was available. Mr. Watson said:

"The present balance in general reserve fund is \$10,361.43. The balance in the compensation insurance reserve fund is \$12,021.31. This fund was accumulated from the revenues of the city for the purpose of meeting possible claim against the city on account of compensation insurance. The policy of the city carrying its own compensation insurance was discontinued about a year ago and the city's liabilities in this respect covered by insurance policy with the State Insurance Fund and the premium thereon are not from annual revenues of the city as a part of the expense of the several departments. There is therefore no longer any need of maintaining this compensation insurance reserve fund.

"There has been carried on the city books for a number of years under the head of Advertising and Promotion Fund the sum of \$1,000.45. As city charter provides that appropriations for advertising and promotion be from the general budget fund it does not seem necessary to maintain this additional fund. It is quite desirable that the general reserve fund be increased as rapidly as possible to a sufficient sum to take care of expenditures out of general budget fund for the first four months of the fiscal year as contemplated by city charter.

"I would respectfully recommend that the balance in the compensation insurance reserve fund of \$12,021.31 and the balance in the advertising and promotion fund of \$1,000.45 be transferred to and made a part of the general reserve fund which would make the balance in that fund \$23,385.19.

"If the above recommendations meet with the approval of your Council, we would also recommend that the total balance in the general reserve fund after the addition thereto of the two amounts above mentioned be transferred as a loan to the general budget fund."

On motion of Stephenson the council adopted the City Manager's suggestions and transferred the amount \$23,385.19 to the general budget fund as a loan.

ATTEMPT BY LOCAL MAN TO KILL HIS SISTER-IN-LAW

Andrew Romero was taken to the county jail this morning under \$5000 bail, charged with attempting to kill his sister-in-law, Mrs. Antonio Romero, last night about 8 o'clock.

According to the testimony adduced when the accused was arraigned, he had been living with his brother and sister-in-law at 217 South Kenilworth for the past few months, as his wife has sued him for divorce and he has no home. According to the statement of the brother of the accused, Antonio Romero, the latter's wife and her little son, Tony, there had been ill feeling between Mrs. Romero and Andrew for some time and he had decided to leave. He finished packing his trunk last night and then walked through the house to the kitchen, where his sister-in-law was sitting, and exclaimed, "Well, I'm going away and you'll never see me again," drew a revolver and fired twice at the woman. The intended victim instinctively dodged, and both bullets passed over her shoulder, lodging in the wall behind her. She began screaming: "Murder! Murder!" Her husband rushed into the house and quickly disarmed his brother. Neighbors, aroused by the sound of the revolver shots and the woman's screams, telephoned for the police and the would-be murderer was arrested.

He was taken to the city hall, arraigned before Judge Lowe, who happened to be there, and his bail was fixed as stated, at \$5000.

After spending the night in the city jail, he was taken to the county jail this morning. He refused to have a lawyer, claiming he was competent to conduct his own case.

California Doctors Idle

(By International News Service)
SACRAMENTO, July 22.—California, known throughout the world as the land of sunshine and healthful climatic conditions, has a practicing physician of one type or another for every 200 inhabitants.

This was revealed by members of the State Board of Medical Examiners here when they undertook the task of checking up on members of their profession.

The medicals say that the great number of doctors and medical attendants here do not actually constitute a reflection on California's climate however, as many of these disciples of medicine are finding it difficult to secure enough patients to eke out a living.

There are more than 14,114 licensed physicians and surgeons in the State. 1,212 osteopaths, 103 naturopaths, 214 drugless practitioners, 232 chiropractors, 1 reciprocal chiroprapist and 127 midwives. The aggregate total is 16,028.

CITY COUNCIL ACTS ON PROPOSED BUS LINE PERMIT

Some time ago and previous to the time the city charter went into effect, Hal Davenport addressed the Board of City Trustees relative to securing a permit for the establishment of a bus line within the limits of the city of Glendale. The suggestion was received very favorably by Board members the only question being whether a permit or a franchise would be required. Thursday evening a communication from City Manager Watson in which he recommended council members of this and other requests for permits for automobile passenger service which would connect outlying districts with car lines and business centers and prove a great convenience. He suggested that the city attorney be instructed to prepare an ordinance providing for the issuance of such permits by the council and the regulation of same. Councilman Stephenson suggested that only a franchise could protect the person establishing such a line. Other members of the council declared it would be experimental and a man who would thus adventure should not be required to pay for a franchise until he had opportunity to try it out. The permit, it was argued, would give the council power of regulation as to routes and charges. The city attorney was therefore instructed to draft an ordinance licensing bus lines.

PERSONAL

Mr. and Mrs. Clair Van Etten and family, of El Bonita street, are enjoying a camping outing at Lake Tahoe. No date has been set for their return.

Mrs. A. Williams of 1006 East Wilson has as guests her brother, J. J. Finnegan, of Yankton, S. D., a sister, Miss Luida Finnegan and a niece, Miss Ramona Potenhaur, of Oklahoma City, Okla. Mr. Finnegan came out here to attend the Elks' convention.

Rev. C. A. Cole and family arrived at home last night from a two weeks' outing at Long Beach. Rev. Cole's parents, who have been occupying the home during the family's absence, will move into their own new residence at 520 East Maple next week.

C. E. Dodge of 126 West Cypress street has had a water meter installed on his lot at the corner of Randolph and Campbell streets, and will soon commence the erection of a fine home in that beautiful foothill section, which has recently become quite popular with buyers of real estate for homes and investment.

Miss Gladys Flagg of 149 South Pacific avenue went to Pasadena Monday to visit with her friend, Miss Mildred Burney. Wednesday night she joined a party of campfire girls on a hike to Camp Baldy. She is expected home Saturday.

E. D. Yard, of 646 North Jackson street, took out two permits this morning for a one-room addition to Mrs. H. R. West's residence at 121 West Park, and the other for a similar improvement for Mrs. J. M. Reynolds, 336 North Kenwood. He has under construction a six-room two-story residence on South Highland avenue for J. G. Huntley and will begin next week the erection of a five-room bungalow and double garage on Viola for S. Y. Seidel.

CAMP FIRE ENJOYED BY LOCAL BOY SCOUTS

With the return of H. Benjamin Robinson, Jr., from Lytle Creek, where for three weeks he was in charge of a summer camp for boys of the Poly elementary school of Pasadena, with which he was formerly connected, activities among the Boy Scout troops of Glendale have been resumed.

Last night a campfire meeting was held by troop No. 2 in Verdugo Woodlands. About 24 scouts, in charge of Scout Master Robinson, sr., were present. Scout Executive Robinson was a visitor.

The evening began with a wienie roast. After that, games were played and then a watermelon feed was enjoyed. A big campfire was then built on the cliffs, around which the boys gathered for songs and yells, led by Scout Stillman Chase. By this time they were ready for a stunt put on by Benjamin Robinson, Jr., as big chief of the tribe of Howwakas (the Eagle Scout club). He appeared in full Indian costume and told some Indian legends.

Ray Morrow, who was a guest, and who has been in the navy, then gave some interesting sea stories.

The campfire meeting ended with a thrilling ghost story told by Scout Executive Robinson.

Tonight the executive will visit troop No. 3.

MARTHA J. BRAMBLE PASSED FROM LIFE YESTERDAY

The heartfelt sympathy of the community will be with Le Roy G. Bramble whose wife, Martha J. Bramble passed away at midnight yesterday under unusually sad circumstances. Several weeks ago she underwent an operation which appeared to be entirely successful. She improved rapidly and responded to treatment in the most satisfactory manner. Monday night she went to bed apparently feeling well only a little tired. At a quarter of 12 she awoke with a start and a quarter after midnight complained of pain in the abdomen. Mr. Bramble did what he could to relieve her and called a physician who came at 3 o'clock and who visited her and kept track of the case the following day. Tuesday night he called a council of physicians who decided a strangulated intestine was causing the trouble. She was taken to a hospital and again underwent an operation Tuesday night at 11 o'clock which proved the diagnosis to be correct. A part of the intestine was removed but the patient had not strength to rally and death intervened.

Funeral services will be held at the Little Church of the Flowers tomorrow at 3 o'clock, under the austerment will take place in Forest pines of Pulliam and Kiefer. Interment will take place in Forest Lawn Memorial Park.

Mrs. Bramble was 43 years old. She was born in Muskegon, Michigan, and had lived in California for nine years, nearly all of that time in Glendale. Besides her heartbroken husband she leaves an eight-year-old son, Gilbert Bramble. She is also survived by her mother, Mrs. Mercy McGinnis and three sisters—Mrs. Walter Butler, Mrs. Bertha Germain and Mrs. Agnes Desmond.

COOKS ANGEL FOOD AND ROAST BEEF

Turning out angel food and roast beef to a degree of unequalled deliciousness was the performance of Mrs. Mada Sunderman who, yesterday at the Newton Electric Company store, 529-633 East Broadway, demonstrated the merits of the Westinghouse Automatic Electric Range for the benefit of visitors. The demonstration will be repeated again this afternoon from 2 to 5 o'clock.

One of the chief virtues of the electrical range, as evinced by the conservation of heat means that there is no waste; it is accomplished through a special stove lining which acts as do the walls of a fireless cooker. Another feature is the timing arrangement which it is possible to adjust so that food will cook the proper length of time after which the heat is automatically turned off.

FREDERICK O'BRIEN, AUTHOR, IS NOW ON HIS WAY HOME

Mrs. Frederick O'Brien, of Pacific avenue, reports the receipt yesterday of four long letters from her distinguished husband, author of "White Shadows in the South Seas," and also of a cablegram from Apia, Samoa. As the steamer runs about five weeks apart, and as the voyage consumes about a month, the news contained in the letters was not very recent. They stated, however, that if he sent a cablegram she was to understand that he was leaving the South Seas. The letters stated that he wanted to get away from civilization and planned to go to Fiji and from there to Savaii, one of the wildest and most savage of the islands. After that, he would start for home, going by way of Panama to New York to see some of the publishers of the big magazines who had advised him they would hold their presses if he would send them stories. He figured it would be a saving of time to go directly to New York by water instead of coming first to California and then crossing the continent.

He is now working on "Atolls in the Sun," which he is under contract to finish. It will be the third and last of his series on that group of islands. He then plans to write a book on Samoa and after that, one on the Hawaiian Islands, where he and Mrs. O'Brien lived for a number of years. J. W. Usilton, of the Glendale Press, is in receipt of a postal showing a characteristic group of the native dancers of Samoa in the midst of a dance. On this card Mr. O'Brien has written: "The Elks would like to put this on, maybe."

THE PRESBYTERIANS WELCOME NEW MEMBERS

New members who joined the Glendale Presbyterian church last Sunday were accorded a reception and social evening in the church parlors last night, under the chairmanship of Mrs. James A. Newton. In the absence of Rev. W. E. Edmonds, the assistant pastor, Rev. Louis Tinning, was present to welcome the new members.

Perry E. Maxwell introduced the speakers and announced the various numbers on the program. The evening was opened with a social and musical guessing game, conducted by Mrs. P. E. Maxwell. Other numbers succeeded in the following order: Address of welcome, R. T. Lyons; response, J. Sargent, one of the new members; piano duet, double number, Mrs. McMillan and Mrs. J. Clifford Riggs; reading, S. F. Reynolds; vocal solo, Miss Elizabeth Mottern; remarks, Rev. Louis Tinning; reading, J. F. Reynolds; vocal solo, Miss Elizabeth Mottern.

Following the program refreshments of ice cream and cake were served. About 40 new church members were among those present.

PROCEEDINGS IN LOCAL POLICE COURT

The case of Martin Carruthers, accused of driving an automobile while intoxicated and crashing into another machine on North Central avenue a few weeks ago, was up yesterday and the defendant was bound over to the superior court under \$500 bail.

A similar case, that of R. H. Cretzinger of Los Angeles, who is charged with smashing into an auto-bus carrying 19 passengers, on San Fernando road recently, had to be reset for August 5.

GLENDAL GIRL AND CHUM ENJOY AN ADVENTURE

The girls of Glendale are as susceptible as are their brothers to the spirit of adventure, and the lure of the wild was demonstrated yesterday when Miss Marjorie Brown, daughter of Mr. and Mrs. F. H. Brown of 323 Salem street, this city, and her chum, Gertrude Thompson of 7172 Clarington avenue, Palms, were missed and notes were found by their parents stating they had gone for an adventure. The notes added that the girls would be perfectly safe and take care of themselves, and their friends were not to worry or try to find them, also that they need not fear any men were in the case as both were man haters.

The parents were nevertheless concerned and made some effort to trace them but the girls telephoned assurances last night that they were all right and had merely been camping. Mr. Brown went after them and everything is serene. Both girls are lovers of the out-of-doors and Marjorie Brown, who is 15, and about to enter Glendale high, belonged to a troop of girl scouts in the east, and feels quite competent to care for herself in the wilds.

FORCEFULLY DENYING THAT THE KU KLUX KLAN IS RESPONSIBLE FOR DEPREICATIONS AND ASSAULTS, SAID TO HAVE BEEN RECENTLY COMMITTED BY THAT OR- GANIZATION IN TEXAS, AND ASSERTING THAT THE GUILT FOR SUCH ACTS MUST BE LAID TO IMPOSTERS MASQUERADING IN THE GUISE OF WHITE ROBED KNIGHTS, AN OFFICIAL OF THE KLAN ORGANIZATION IN LOS ANGELES COUNTY YESTERDAY RE- AFFIRMED THE REPORT THAT THE KU KLUX KLAN HAS ORDERS ESTABLISHED IN GLEN- DALE, LOS ANGELES, HOLLYWOOD, CULVER CITY, COVINA AND VENICE.

Explaining the constitution of the Klan, this official stated that the knights stand for pure Americanism and respect law and order that they will not tolerate immorality and that they stand firm on the perpetuation of American liberty. Recently publicity was given to the Klan through the alleged assertion by City Prosecutor Widney, of Los Angeles, that he had been threatened through the Klan for having stopped the exhibition of "The Clansman" or "The Birth of a Nation," a motion picture, has been taken up by Capt. William S. Coburn, of Atlanta, supreme attorney of the organization, who denies that any threats were made against Widney.

Some of the articles included in the creed of the Klan are as follows: "Be it known and hereby proclaimed. That this organization is composed of native-born Americans and none others. That it proposes to uphold the dignity and authority of the law. That no innocent person of any color, creed or lineage has just cause to fear or condemn this body of men. That our creed is opposed to violence, lynching, etc., but that we are even more strongly opposed to the things that cause lynchings and mob rule."

"That this organization is composed of native-born Americans and none others."

"That it proposes to uphold the dignity and authority of the law."

"That no innocent person of any color, creed or lineage has just cause to fear or condemn this body of men."

"That our creed is opposed to violence, lynching, etc., but that we are even more strongly opposed to the things that cause lynchings and mob rule."

DINNER PARTY FOR VISITING GUEST

Mrs. Frank Weigel of St. Joseph, Mo., will be the guest of honor at a smartly appointed dinner given this evening by Dr. and Mrs. Collin Cable of South Columbus avenue, at which covers will be laid for Miss Gertrude Bennett of Kingsley drive and Mrs. J. H. Emerson of West Forty-second street, Los Angeles, in addition to the places set for Mrs. Weigel and the host and hostess. The ladies entertained came out early in the afternoon and enjoyed an auto ride before dinner.

OBITUARY

MARY G. BARSTOW

Mrs. Mary G. Barstow, wife of A. A. Barstow, passed away last evening at 7:30 at her home, 337 North Cedar street, after a lingering illness. She leaves, besides her husband, two children, Barbara and Oliver, and a sister, who was with her when she died. She was a native of California. Funeral services, which will be in charge of the Scovern company, will be held in the Little Church of the Flowers Saturday afternoon at 2 o'clock.

ROCK BOTTOM STORE OPENS BRANCH IN GLENDAL

That Glendale is fast becoming a retail center is shown by the number of strong mercantile establishments that have located here within the last month. The latest valuable accession is the Rock Bottom store, which, tomorrow, will open its spacious new quarters at 205 South Central Avenue, one of the very best locations for a store of this character in Glendale.

This is store number 77 of the stores owned and operated by the Federal Grocery Company of Southern California.

For some time carpenters and painters have been at work on this double store building and it now shines forth in all its glory. This fine, clean background is no more pronounced than are the choice fresh and large display of groceries and meats to be found there.

These Rock Bottom stores have been noted in this section of the country for selling goods at a close margin of profit. They always win wherever they locate. The Glendale store is in charge of Ben H. Wood, late manager of the company's store at West Pico, Los Angeles. He says that prices here will be the same as those in the big city. Mr. Wood was located in Portland, Oregon, for a number of years, but once in this southland he is completely won to it and also Glendale. The meat department will be in charge of Mr. Epperson, an excellent judge of meats. There are also candy, fruit and vegetable departments.

ODD FELLOWS' INSTALL OFFICERS

Nearly one hundred guests, including the entire membership of Burbank's lodge of Odd Fellows were present last night at I. O. O. F. hall to witness the installation of its new officers by the local lodge, and enjoy the fine lunch that followed the ceremonies. The Glendale lodge will return the visit of the Burbank members next Thursday in a body, to witness a similar event in our neighboring city.

MISS LULU GARTON ARRIVES AFTER A LONG JOURNEY

Miss Lulu Garton, daughter of Mrs. F. M. Elliott, 204 South Kenwood and sister of Mrs. Clifford A. Cole, arrived in Glendale Thursday, after a journey of nearly 10,000 miles since May 5. She left Jahnsi, India, 400 miles north-east of Calcutta, on that date and started from the latter place on a steamer of the new American-Indian line, bound for the land of "Old Glory."

She came all the way to Boston on the same ship, which made only four stops on the way. The first was at Colombo, Ceylon, the next at Perim, Arabia, where American coal was taken on board, then Port Said, on the Suez canal and lastly, Oran, Algeria. The journey was without incident and Boston harbor was a glorious sight to the returned traveler after six years spent in the heart of India.

Miss Garton visited old home scenes in Wichita, Caney and Coffeyville, Kan., before coming to Glendale. At Coffeyville, she delivered six addresses in one day, that being the home of the Christian church whose "living link" in the missionary field she is. She spoke in the other two cities also. She is home now for a year's rest from the strenuous work of a foreign missionary, which is very trying to health and nerves.

There are only 80 missionaries of the Christian church in all India, with its 300,000,000 inhabitants, but other churches have their own contingents in the field, dividing the territory to prevent overlapping of the work.

Miss Garton had one and sometimes ten companions at Jahnsi, and also at Rath, where she was the first three years after she went out to India. She is a sweet-faced, serious-minded young lady, gentle and quiet in her manner, and evidently devoted to the noble task to which her life is consecrated.

City Eighth in June Permits

Glendale was eighth in the list of California cities in value of building permits for June, and eleventh on the coast. San Diego, Long Beach, Pasadena and Santa Barbara, of the smaller cities, led Glendale. Oakland was far ahead of San Francisco. Long Beach dropped to the lowest point in over a year.

Though men make houses—
IT IS WOMEN WHO MAKE HOMES

Martha Malicia

NOW—AND THEN!

Can you imagine it? In the early days in Turkey, before the introduction of coffee was valid came the divorce. Today, in this country, many a man has obtained a divorce because of the poor cup of coffee with which wife presents him in the morning! The sovereign remedy for this is: Buy your coffee at Booth's, of 318 East Broadway, where the best of coffee can be had for the minimum price. For you see, Mr. Booth, the Coffee King, blends all of his own coffee, for in this way he is sure that he is selling absolutely the best! And, if you ask, I'm sure Mr. Booth will be more than glad to explain to you the proper way to prepare coffee that will captivate and hold hubby's interest in his home!

Rickrack braid edges some of the smart gingham morning frocks.

It is a known fact that women get old among primitive people much earlier than in higher civilization. It is said that Egyptian girls are very pretty at 14, but immediately thereafter they begin to fade. Sahara desert

girls do not expect to preserve their youth after 16. And the Dyak girl of 20, we are told, loses her beauty quickly after that age.

"MEN AND MUSIC HAVE SOULS!"

We all enjoy hearing the great artists of the pianoforte, although it is not always possible for us to hear them. The Ampico has made it possible for you to have in your own home, at your convenience, the artistry of Godowsky, Bauer, Ornstein, Adler, and a hundred more of our great pianists. The Ampico de-arts entirely from the mechanical pounding of so many instruments of its type, and one feels the human touch, the atmosphere and power of the artist, which is the true test of the Ampico! No lover of music can fail to appreciate what a wonderful thing this is for the young student, for it will bring their ideals to a higher standard—develop the ear so that an incorrect interpretation of any selection can be detected instantly—and thus they will strive to reach the same plane of perfection! To those who are themselves unable to play, the Ampico affords a source of unending joy and delight—giving them an insight into the finer musical things and giving them a guide for comparison at concerts and recitals. We are coming to realize more and more every day the part that music must play in our homes! And it is the magical Ampico that has come to fill this crying need for the best. It is a drop in at the Barnes-Brook Piano Company, of 211 North Broadway, and ask to hear the marvelous reproducing piano—the Ampico—in either the Haines Brothers' or the Knabe pianos.

DEWILDERING AND BEWITCHING

An enchanting hat of white taffeta is being shown this week at the Yarbrough Hat shop of 108 West Broadway. Alluringly lovely are the soft lines—and taffeta, you know, is just the last word of the season! Yarbrough's hats are well-known and always pleasing. They also have an excellent assortment of bewitching feather hats, and some dainty Leghorns, too, are quite the vogue with dainty organdie dresses and when trimmed with dainty organdie flowers such as Yarbrough's have in all the pretty new shades and different styles, they're always smartly becoming and appropriate for almost any summer occasion. And, heads well, they're quite the rage of the season, and I know you'll be charmed with Mrs. Yarbrough's selection of clever beads in different shades and shapes!

"HE IS HAPPIEST—BE HE KING OR PEASANT—
WHO FINDS HAPPINESS IN HIS HOME"

THE KEY TO HAPPINESS IN THE HOME
IS—HARMONIOUS SURROUNDINGS

"Martha Malicia Goes Shopping"

ORANGE JELLY WITHOUT GELATINE

Wash six oranges and three lemons; cut in very thin slices; measure; add three times measure of water; boil hard for one hour; strain through double cheesecloth and let stand for 24 hours. Pour off all the clear liquid; to it add an equal quantity of sugar. Boil hard until it drips like jelly from the spoon. Put into sterile glasses and when firm, cover with melted paraffine.

DIDN'T YOU KNOW IT?

How often have you wished that your home was so arranged that you might give dances and have a good time, as your friends do? "But," you have remarked with bitterness, "who could dance on carpets, or even floors such as ours?" Hasn't it occurred to you that you might have the daintiest, hardwood floors put down in place of the old wooden ones? Yes, and most reasonably, too, if you call the Glendale Hardwood Flooring company, of 304 East Broadway.

I'M SHARING MY SECRET

O-o-h! It positively makes me hungry to think of the wonderful lemon pie I had at Buddy's place today! Buddy's fame has spread far and wide for his light lunches are simply delicious—and well, he explained all when he told me that he cooks just as his mother used to do! But listen: I persuaded him to tell me his recipe for making such delectable lemon pies, and now I'll pass it on to you, too. Add to the juice of two lemons the grated rinds, a little water and sugar enough to sweeten, and thicken with cornstarch. For the meringue, beat the whites of two eggs until stiff, then add one-half cup of sugar. Spread on the filling and put in oven until browned.

HOW'D YOU LIKE TO HAVE IT BACK AGAIN?

How would you like to have your home once more as it was when you first built it? Wouldn't you love to restore it to its original freshness?

I'll tell you what to do. Harry Moore, of 304 East Broadway, will be more than glad to give you any suggestions on papering and decorating or any information that you may seek. Perhaps you can enlist hubby's sympathies and persuade him to help you refinish the furniture—just little touches here and there that are so badly needed and can be accomplished so easily with a can or two of Kyanize. Then there is that old bedroom set. Why not go over that? You can do it just as easily as not—and whatever you do, don't forget to touch up the floors with Diamond floor paint, and the first thing you know, you'll have the same new home right back again. It's marvelous what wonders a can of paint and a good brush can accomplish in making your home so fresh, and yet comfortable and "homey." If you'll just stop in at Harry Moore's and tell him of your plan he'll help you plan the details, and without any obligation whatsoever to you, as only one who has had the years of practical training, along those lines knows how! Mr. Moore will show you where you can save the most money on your "restoring," and at the same time have the very best. The beauty of it is, that you and hubby can do it all together—all by your "lonesomes!"

Bands of gingham trim a smart sports costume of wool jersey.

TRULY EXCEPTIONAL

Here's a real buy! An adorable little five-room bungalow on a valuable close-in lot, for only \$6800! And if you want to resell it, you could ask \$7500 any day for it—so you may know that it is really an exceptional place. Vandenhoff is the agent, and he'll accept \$2000 as the first payment, and the balance can, of course, be paid off like rent! If it's a "home" that you want—something that you will be satisfied and contented to make your home for many years to come—stop in at Vandenhoff's, 205 North Brand boulevard, and ask to see this exceptionally homey bungalow.

"A LITTLE FORETHOUGHT WILL SAVE MUCH AFTER-TALK!"

Isn't it a disappointment, after a glorious day at the beach, to have to suffer for days and days with ugly, itching sunburn? If you had only thought to stop at the Glendale Pharmacy, of 638 East Broadway, for a jar of Hudnut's Cold Cream and Sunburn Lotion, just think of the suffering

you might have saved yourself! The Glendale Pharmacy has another dandy preparation for vacationists, which is known as Hobson's Sunburn Cream. You'll save yourself a great deal of unpleasantness if you just phone the Glendale Pharmacy—Glendale 146—and order a jar.

A CHANCE TO SAVE!

The more you know about washing machines, the more you'll want to know before making your purchase—and the more you'll appreciate the Automatic Electric Washer, which Washer Wilson is demonstrating at his store at 140 South Brand boulevard. The Automatic is built primarily for the woman—there are no intricate parts to get out of order or become entangled with the clothes—and it's very simple to operate! You need never be afraid to trust the most delicate fabrics to the automatic—for it thoroughly cleans the heaviest and finest garments alike and, in fact, fairly spells E-F-F-I-C-I-E-N-C-Y from the steel castors to the swinging and reversible wringer! The tub is made either of copper or of wood—the famous Louisiana cypress—a tub that will hold its shape and stand up indefinitely!

Washer Wilson has five types of automatic washers, varying in size and price, but you can purchase a dandy machine for as low as \$62! And did I tell you, the prices on all washers at Washer Wilson's have just recently dropped! By buying yours now you'll not only be able to save quite a little money on the machine, but think of the laundry bills that are piling in, while you're thinking of it! You know, you might be paying for your electric machine with the money spent weekly in laundry!

JOY AND PEACE

One's bedroom should be more than a mere room—it should be restful and above all, reflect its occupant's personality! With a dainty-bedroom set in French ivory, delightfully decorated with delicately chiseled rosebuds, tinted in the faintest of pinks, and the whole exquisitely designed—one's bedroom could be none other than a joy—a room to make for peaceful sleep and happy waking hours! Just such an adorable set is being shown at the Glendale Furniture company, of 606-608 East Broadway, this week, at an amazingly low price.

Fringed and fluted taffeta trims a demurely bouffant taffeta frock.

"Are women really economizing?" "I don't know," replied Mr. Growcher, "but I'll say a good many look as if they were skimping on material!"

Miss Thirteen—Oh, Mr. Blunt, this is so sudden. Mr. Blunt—I know, but I thought you could stand surprise better than suspense.

IT'S AS PLAIN AS THE NOSE ON YOUR FACE—THAT WELL-FED MEN ALWAYS WIN THE RACE

TO BE WELL FED, one must eat good meats, and the meats you eat should be as choice as the meats we sell. The questioning inspection our meats undergo qualifies their dependability.

NOVENA AT ST. ANN'S WAS IMMERSSED IN SHRINE, SANTA MONICA

The services of the Novena at the shrine of St. Ann at Santa Monica, which began last Sunday, have been drawing over increasing crowds to the three daily services. So far, the attendance is much in excess of that of last year, and it is evident that greater numbers are coming, not only from the Bay district and Los Angeles, but also from places farther away. This coming Sunday, July 24, the great day of the Novena, mass will be said at the shrine at 8:00 a. m. Solemn high mass at 10:45 a. m., and the music of the Santa Monica choir, which sounded so beautiful in the open air last Sunday, will be repeated. In the afternoon at 3:45, that which may be called the climax of the Novena will take place. A procession headed by a band of music and made up of all who are present on the grounds, will march in the manner of a pilgrimage to the shrine. The sermon will be preached by Father Cullen of San Francisco. Many of the clergy, with the right reverend bishop of the diocese, John J. Cantwell, D. D., will take part in the devotions. The Novena will be closed on Tuesday morning, July 26, with the Feast of the Saint, with mass and procession and the blessing of children at 10 o'clock. Everybody, whether Catholic or non-Catholic, is invited to take part in all the exercises.

"ENJOYING" HEAT 'WAY DOWN EAST

Glendale visitors to the east this summer have been undergoing rather unpleasant reminders of the "good old times" the past few weeks, especially those who have been in Illinois, Indiana and Ohio, where the mercury has been flitting up around the 100 mark, which, coupled with the humidity which always accompanies intense heat there, makes the 120 degrees in the shade experienced frequently at Needles, Yuma and in the Imperial valley, pleasant in comparison. Mrs. Mary E. Shropshire and daughter, Lillian, who have been in Cincinnati recently, had a chance to compare the pleasures of Ohio's metropolis during the heated term with Glendale's glorious summer climate.

LOCAL MERCHANTS PREPARE TO HOLD EXPOSITION

Preliminary arrangements were completed this morning for the Merchants' exposition to be held in Glendale from August 27 to September 3, through agreement between the chamber of commerce and the Pacific Coast Exposition company. At a recent meeting of the chamber, representatives of the exposition company per-

suaded the directors that merchants' exhibits had proven successful in a number of cities throughout Southern California. The agreement to permit such an exposition was arrived at today and by evening it is probable that a site will be selected.

Manager and Director H. Elmo La Breque, of the Pacific Coast Exposition company, explained today that the tent for exhibits will be 100 by 200 feet in size. Merchants will maintain booths there to display their wares. For the entertainment of visitors, a continuous program, to be changed twice a day, will be arranged. Headquarters for the exposition will be maintained in the chamber of commerce offices by Publicity Director R.

M. Greathouse, who will have prints of the exposition grounds on display for prospective exhibitors to inspect. The company has recently staged expositions in Pasadena, Santa Ana and Whittier.

Organ Grinding Slow

Petro Gjoliti has given up his career in Harlem and sailed this week for Italy. Petro's profession was unique. He trained monkeys for organ grinders. He taught them how to climb up to window, extend the cup and doff the little red hat. Some of the monkeys he merely rented. Of late, the organ grinders have fallen on evil days. The kiddies and their parents are more thrifty and they save their pennies for the movies.

FOUND AFTER HUNT LASTING TWO DAYS

ARLINGTON, Wash., July 22.—Thirty hours after she was missed from the home of her father, Charles Corapolo, a rancher near here, little three-year-old Carmella Corapolo was found in a swamp a mile west of the farm home by James McGrath, who had wandered away from the searching party and was trying to make his way out of the forest.

The child was lying across a log with a tiny bunch of wild flowers clasped in her hand and pitifully calling: "Mama, mama." She was so benumbed with cold that McGrath had hard work in reviving her. She had been without food or water and had been out through a heavy rainstorm with the thermometer scarcely above 50 degrees.

More than 500 persons had been searching through the woods day and night.

GRUESOME FIND STARTS MAN HUNT

(By International News Service)
JONESBORO, Ark., July 22.—Murdered by unknown parties was the verdict returned shortly before noon today by a coroner's jury which investigated the brutal deaths of Mrs. Amy Ingram and 16-year-old Willie Cahoon Ingram, her daughter, whose horribly mutilated bodies were found by hunters late yesterday in the woods near here.

While the bodies of the two women were being buried, officers began a rigid search for their slayers.

The almost nude bodies of the couple were found beneath blood-stained underbrush. Mrs. Ingram's head was partially severed, while the head of the girl, completely chopped from the neck, was found several feet away. The elder woman's body was fastened to a tree by a wire. They had been dead about ten days, the coroner declared.

Classified Ads under this heading will serve your needs.

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody Will Know

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

THREE-PLANE NAVY TO PREVAIL IN THE FUTURE

Navy On the Sea, Under the Sea and Above the Sea Must Be Developed

By DAVID M. CHURCH
I. N. S. Staff Correspondent
WASHINGTON, July 22.—The three-plane navy—the navy on the sea, below the surface and in the air—is going to be the navy of the future.

This is the very decided impression that remains after the first tests of aerial bombing which the navy is conducting off the Virginia capes.

Official reports on the bombing will not be completed for some time yet. These reports must be digested by the navy general board. When the general board has taken the reports under careful advisement and has considered them in connection with the reports of other tests and developments by other nations, recommendations will be made for the future naval policy of the United States.

Despite the fact that no official indication has yet been given as to the thoughts running through the minds of the members of the general board, it is a very safe prediction that the three-plane navy is going to be the navy of the future. This prediction is based on the comment of the officers of the fleet, the men who are at sea and the men who will do the fighting if war comes. Their theories are the theories which go to make up the reports upon which are based the final conclusions of the general board.

The navy is not convinced that the battleship is obsolete. The navy still holds that the battleship is the backbone of the nation's defense, but at the same time the navy is not willing to depend upon the battleship alone, nor upon surface craft alone. The navy wants big battleships, fast cruisers, and speedy destroyers, but it wants more.

The navy wants submarines—great, powerful, long-cruising submarines. The navy privately admits that the submarine was not defeated in the recent world joust. It respects the submarine as an enemy and wants submarines for defensive and offensive operations.

Furthermore, the navy wants a large air force. When General Mitchell made his statements that the battleship was useless against the airplane, the navy pooh-poohed. General Mitchell is still being pooh-poohed in the fleet. But while the navy ridicules Mitchell and smiles at his statements the navy is insisting upon a large air force, for it is convinced that air forces are going to be potent factors in future naval warfare. No one in the navy believes that naval battles can be fought in the air alone, but neither does anyone believe that surface craft can put up a good fight against an enemy with a strong, supporting air force.

The navy wants to construct its plans for the future along the three-plane idea. The navy wants to be prepared for warfare under the sea, on the sea and above the sea.

Congress and those who hold the money bags are going to hear much in the future about the three-plane navy.

TWO NEW COACHES CHOSEN FOR HARVARD

(By International News Service)
CAMBRIDGE, Mass., July 22.—Harvard's freshman eleven will receive varsity coaching next fall under a plan announced by Head Coach Robert T. Fisher. He appointed Thomas J. Campbell, former coach of Bowdoin College and at the University of North Carolina, as head coach of the freshmen, and assigned as his assistants from the varsity coaching squad, W. J. Murray, captain of the Harvard eleven of 1919, and W. D. Snow.

Thomas Woods, R. S. Humphrey and R. M. Sedgwick, of last year's team, have been added to the varsity coaches.

MAN LOSES TROUSERS ON FISHING TRIP

(By International News Service)
DES ARC, Mo., July 22.—Boy, page the water moccasins! And if you find one of them wearing a pair of trousers that seem too large, page H. C. Powell. Not that Mr. Powell will redeem them, but just to ease his mind.

Powell went fishing. He stood in shallow water. A snake began when a moccasin crawled up his leg. Powell decided the trousers were too small for both himself and the snake. Women nearby didn't understand the details and screamed hysterically as "pantless" Mr. Powell ran panting by.

SCIENCE AND WAR

On a top floor of an office building in New York the other day a small but heretofore untried "riveting machine" was demonstrated by its inventor, one Dr. Hutchinson. The purpose of the machine is to drive rivets in a ship without drydocking the vessel. Simple and harmless enough in its prime object, the success of this new machine has created a stir among all military men. The machine, which is really a gun using smokeless powder, throws a rivet, or a bullet, into a heavy piece of hardened steel at a velocity vastly in excess of anything ever previously achieved. Mathematical computations have proved that the same gun built on a larger scale would be capable of hurling a heavy missile a distance of two or three hundred miles.

Prior to the shelling of Paris from St. Gobain by the long-range German gun the thought of sending a projectile through the air more than twenty or twenty-five miles was considered foolish. But the Germans demonstrated the possibility, if not the practicability, of firing seventy odd miles. While this new machine is designed primarily for a peace-time gun, it is certain that military men will make the most of it, using the new principle for the construction of guns capable of shooting missiles weighing three to five tons a distance of from two to three hundred miles.

The existence of such a gun fires the imagination and makes humans shudder at the possibilities for bringing disaster by the use of such a weapon. The fact has been impressed upon us since the war that the next war, if there is one, will be fought largely with deadly gases. Imagine a huge bomb, filled with Lewisite gas, fired a distance of three hundred miles into a quiet city. Thousands of civilians would perish almost immediately.

The invention of this new "riveting machine," with its manifold possibilities of developing it into such an instrument of death is but another step towards removing the line between combatants and non-combatants in future warfare. If man's reason will not make future war impossible, science will do so, but at a terrific cost. When the day comes when greedy militarists and ambitious rulers are no longer safe behind the battle line warfare will cease.

William Hohenzollern is not the most popular resident in Holland. The municipal authorities at Doorn are trying to collect taxes from William, and the former kaiser says he will not pay them because he is an involuntary resident of Holland. The officials say they are not crazy about his staying at Doorn and intimate that he may move to some other city if he does not pay up. Wherever the former emperor goes, says an Associated Press dispatch from Doorn, he is hooted and jeered at. Incidentally, where could William go without meeting jeers and hoots?

Now what do you think of that? A group of American university girls on a tour in Mexico went in swimming, wearing the natty one-piece bathing suit, and so greatly shocked were the Mexicans that the girls were arrested and brought before the magistrate of the city. And yet Americans talk about the banditry, low morals, et cetera, of Mexico.

The fifty million dollar live stock pool is said to be in shape to begin advancing credit to banks. The money will then be loaned to live stock men, who are in sorry need of funds to carry them over without selling their stock at a big sacrifice.

"Woman makes long drop from airplane and breaks record," says a headline. If the young woman is wise, she will quit making parachute leaps and then there will be no danger of a headline being written, "Woman makes long drop from airplane and breaks neck."

The only man who is likely to get to heaven because of his pull is the man who rings the church bell.

GRAVE AND GAY

"Six years ago," said Naylor, "made up my mind that I was smoking too much. It didn't seem to affect my health in the least, but I thought it a foolish waste of money and I decided to give it up." "A very sensible idea," remarked Monk. "So I thought at the time. I reckoned up as closely as I could how much I had been spending each day on cigars and tobacco. That sum I set aside each morning and started a bank account with it. I wanted to be able to show exactly how much I had saved by not smoking." "And how did it work?" inquired Monk. "At the end of six years I had \$1000 in the bank." "Good! Could you let me—" "And a few days ago," interrupted Naylor, "last Tuesday, in fact, the bank failed. You haven't got a cigar about you, have you?"

Senator Reed-Smoot was condemning a flagrant piece of political ingratitude. "Why," he said, "it's as bad as the case of Mrs. Stanton's orphan. Mrs. Stanton interested a number of women suffrage friends in a boy orphan. The woman raised this boy splendidly, sent him to college, and finally educated him for the ministry. They got him a good charge, too. Well, the first Sunday the young

minister preached his church was filled with a great many suffragists headed by Mrs. Stanton. These good women had put the preacher where he was, and they were now turned out in their best bib and tucker to hear hear him say an eloquent word for the woman suffrage cause. Imagine their feelings, then, when the young man rose in the pulpit, surveying them calmly and even sternly, and announced that his text would be from St. Paul: "Let the women keep silence in the church."

Our patriotic fathers kept The glorious Fourth of yore With bands and speeches and parades, And picnics by the score, Where everybody ate ice-cream And chicken, ham and chowder, But mostly did they celebrate By burning lots of powder.

From Maine to California, From Georgia's cotton snow, To where across the great blue lakes The gusty norther blow, We honor Freedom's birthday still And keep its memories green, But chiefly we observe it now By burning gasoline.

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to Flush Kidneys if Back Hurts or Bladder Bothers

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority, who tells us that meat forms uric acid which almost paralyzes the kidneys in the effort to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

The Word of God

Editor Glendale Press: John, the Apostle, began at the very inception of God's great Plan of the Ages, relative to the Earth, and Man) by saying, "In the beginning, was 'The Word,' and, 'The Word,' was with God, and 'The Word' was God. In Him, ('The Word') was Life, and 'The Life' was 'The Light,' of Man. And 'The Word,' became Flesh and dwelt among us, full of Grace and Truth.—Jno. 1:1, 4, 14. This was the Lord Jesus—"The Living Word" (Heb. 4:12)—"The Christ", The Son of the Living God (Matt. 16:16), of Whom the Scriptures testify.—Jno. 5:36-40.

This is The Word of Life, that was with God, before Creation (Jno. 5:26, 1 Jno. 1:1,2). Attributes of the Mind, or Soul, of God, that He purposed should rule in us (Eph. 3:9, 11; Col. 2:6, 27), that we might bear His Likeness (Gen. 1:26, be like Him, in righteousness, and holiness (Eph. 4:24).

And this "Word of God," His Royal Law of Ten Commandments, was spoken to All Israel, by the "Voice of God, and written on tables of stone by the Finger of God (Deut. 9:10. This is "The Word," Spirit, or Christ of God, that should reign supremely in us (Rom. 8:4, 9, 11). If we offend in one point of that "Perfect Law, we are guilty of all (Jas. 2:10-11), and we sever our union

with God, and our Saviour. God's Royal Law, is His Kingdom, and rules in Heaven; and we pray, "Thy Kingdom come, Thy Will (Law) be done, as in Heaven, son on Earth (Matt. 6:10); yet some say tht Law ended at the Cross, and that we are saved by Grace. But where there is no Law, there is no Sin (Rom. 4:5 and 5:13); so we need no Saviour, and God has no Kingdom—This is the Truth.

Jesus said: "If ye would enter into Life, keep the Commandments (Matt. 19:17. He also said: "I am The Way, 'The Truth and The Life' (Jno. 14:6), "I have kept My Father's Commandments and abide in His love" (Jno. 15:10), "Follow thou Me" (Jno. 21:22), also, "If ye love Me, ye will do what I say (Jno. 14:23; see 1 Jno. 1:4; Ch. 5:2, 3; Rev. 22:14). A word to tht Wise is sufficient (Dan. 12:10) But if a man lacks wisdom let him ask of God (Jas. 1:5), and not rely on human reasoning, for that is Forbidden Fruit, and leads us astray.

Believe God, and obey His Royal Law, as He gave it. A Perfect Law of Love to God and Love to Man. See Psa. 19:7 and 23:1, 3.

May all who read this take it as given in Love of "The Truth,"

W. D. A.

SAM BROWN WRITES OF CANADIAN TOUR

Impressed by Vastness and Fertility of Plains of the Country to North

A friend of Sam Brown has just received from him an interesting letter, describing his vacation experiences in the North. He writes:

"Two months ago I left Glendale and I have had a bully time. I took a steamer up the coast, called at Seattle and Victoria, B. C., and landed at Vancouver June 3. I have relatives there and spent a week with them, then 250 miles on the C. P. R. R. along the Fraser river, through some grand scenery to Kamloops where I have more relatives. There, where I stayed two weeks, I found the greatest fishing grounds in America. A number of lakes filled with trout weighing up to eight pounds and sportsmen come from many parts

of the United States, Honolulu and Great Britain to fish in them.

"From there I came over the Canadian Rockies in daylight to Calgary. Better pens than mine tried to describe the trip so I will not attempt it.

"Calgary is the most typically western city I have seen in Canada. I stayed there a week and then up to Edmonton in Central Alberta, where the rolling prairie is now covered with fine cultivated farms instead of cattle ranges. A fortnight I spent there with two sisters and their families. The wheat crop will be short in Alberta on account of a shortage of early rains. From the rolling prairies of Alberta I came on to the flat plains of Saskatchewan. Here there has been plenty of rain and farmers are looking for a full crop of wheat. I am located close to Regina. From the United States boundary to Regina and out to Arcola is a plain 200 miles long by 80 wide. It does not vary 20 feet in elevation and is nearly all covered with an excellent wheat crop. The C. P. Railroad, for a distance of ninety miles from Regina, is double tracked and abso-

lutely straight, without a curve.

"Yesterday I had an auto trip north of here to Fort Nu Appelle. For 15 miles we ran over level prairie. Then there was a gradual rise into bluff and bush country. From the bluffs we dropped into the Nu Appelle valley. This was where the first peace treaty was signed by the Indians after the Red rebellion in 1873-74. It is a peculiar valley—a depression in the ground about fifty miles long by one to three miles wide. A chain of lakes runs through the center of it.

"We are having a family reunion here of five sisters and two brothers, some of whom I had not seen for thirty-five years. So far on my trip, I have seen 86 relatives, descended from my father and his three brothers, and I have about twenty to see yet. I go from here to Winnipeg, then visit in North Dakota, and on to Chicago for more visiting. I shall come home from there.

"I think that Canada is recovering from the war conditions wonderfully well. There have been few failures and they are pressing forward with vim and confidence in their re-

White Star Market and Grocery

Quality and Cleanliness Our Motto
BROADWAY AND MARYLAND

construction program. The bad part is that nearly every family you meet is mourning a loved one lying in Flanders Fields.

"British Columbia is a lumber, mining and fishing country, Alberta prairies are given to stock raising and farming and have some good coal mines. Saskatchewan and Manitoba are great wheat countries. About all the land for homesteading has been taken. The C. P. Railroad and Hudson Bay Company have land for sale at about \$25 per acre, and improved farms sell for \$50 to \$75 an acre. Agriculturists here consider they must have about 300 acres to farm successfully."

She—People are saying that you married me for my money alone.

He—They are mistaken. You had quite a lot of real estate.

The following persons will occupy the addresses specified: Mrs. C. H. Ferris, 405 Ethel; J. H. Wederman, 523 East Wilson; W. E. Blizard, 720 West Doran; F. H. Dryer, 224 North Verdugo road; Frank Lechner, 1131 East Elk; H. S. Woodworth, 1201 East Stanley.

Mr. and Mrs. Harry Hall and daughter, Audrey, of 126 South Maryland avenue, go to Big Bear tomorrow to spend two weeks.

Chicken Ranchers Protest Opening Garfield Avenue

(Continued from Page 1)
cliff on which he has already built a residence. He referred to the permit for an oil station given at Broadway and Central. On his behalf Attorney Fraser addressed the Board declaring they could not legally deny the permit even though there were protests from residents of the locality, and in substantiation of his claim quoted a recent decision by Judge Burnell involving a case somewhat similar in Long Beach. His point was that the council can only look after the safety and sanitary welfare of the city and are not at liberty to deny permits for buildings which are not a menace to the health or safety of the community. The matter was referred to Attorney Shaw with instructions to submit an opinion at an early date as possible.

Candidates for Office

The application of James L. Brown for the office of Chief of Police and of E. H. Lyford for the office of City Manager, were referred to the Committee of the Whole.

Oil Tank Permit

The application of Chris Smith for permit to establish a gasoline tank on Lot 3, Tract 2690 was granted. Several communications from City Manager Watson were then read and acted upon as follows:

Bids for Sewer Pipe

In recent bids received for concrete and for vitrified sewer pipe for use in connection with proposed sewer units in business districts. On motion of Stephenson the Council voted that bids be opened and filed and referred to Committee of the Whole.

In re applications of Thielen and Yaeger for permits to establish sheet metal works at 1418 South San Fernando Road, the Council voted to defer action and list the matter on next week's calendar.

Salary Ordinance

In re ordinance revising present salary ordinance, providing for salary of Comptroller, assistant store keeper, inspector of flood control channel, record clerks, time keepers, laborers for lot cleaning and other

minor changes in Ordinance No. 447, ordinance was offered by Councilman Kimlin and on motion of Stephenson the City Manager was instructed to furnish each member of the council with a copy of the ordinance just introduced.

In re lights petitioned for in vicinity of Palmer and Adams streets, City Manager stated a light will be north of Palmer, one at intersection of Palmer and Adams and one at the east end of Adams street; that more cannot be installed until an additional circuit regulator is provided for, which can be done after the annual budget has been adopted.

Hydro-Electric Meeting

In re meeting of Hydro-Electric Committee in Pasadena Friday at 2 p. m., City Manager Watson was instructed to attend on behalf of the city.

In re proposed contract with Engineers Olmstead and Gillean drafted by City Attorney Shaw, for the preparation of plans for disposal works in connection with sewer system in Verdugo Canyon on which City Engineer Hill is now at work, the council voted to file same and instructed the City Manager to have a copy of the proposed contract made for each member of the Council to be considered by them pending action on same.

Engineer Lynch Reports

Engineer Lynch reported that when the three big jobs on which he has been at work are finished, there will remain an unappropriated surplus from the \$260,000 proceeds of the water bond issue of between \$10,000 and \$15,000 and there was some discussion relative to the man-

ner in which the surplus could be legally used. He asked for and was granted an additional appropriation of \$400 to be used for burlap and a specially prepared gum to be employed in filling the expansion joints in the big reservoir on Glendale avenue. He stated that all three jobs except the finishing touches are practically completed and that the reservoir will be ready for service by August 15.

City Attorney Reports

City Attorney Shaw reported relative to the High School alley that the legislature had passed a law whereby school boards could pay assessments for the improvement of streets and alleys although they could not be forced to do so. At his suggestion the Council voted to instruct City Manager Watson to negotiate with the High School Board and also with the Board of Education relative to Doran street improvements and report to the Council.

Ordinances

Ordinances which the City Attorney had drafted were then introduced as follows:

Stephenson—ordinance changing the name of Walnut street to Orange street.

Kimlin—Regulating the manner in which the city can repay special deposits.

Lapham—Providing for the issuance of \$22,000 of bonds voted for park and swimming pool purposes.

Davis—Establishing the grade of Orange street.

Stephenson—Regulating the establishment of auto camp grounds in Glendale. On motion of Lapham

NEW RESIDENTS FOR GLENDALE

Mrs. Idelle Gilliland and her son Ted Gilliland arrived from the east Thursday morning at 8:10 via the Santa Fe. They have come to join Mrs. Mary E. Redmond, of 1027 Virginia Place, mother of Mrs. Gilliland and will make their permanent home here. Mrs. Redmond and her granddaughter Miss Rosalie Gilliland have been here since last December. Ted has been graduated from the Danville, Ill., high school and expects to enter one of the California universities this fall. The travellers were met by Miss Gilliland and Guy Maxwell and brought by auto to Glendale. Later in the day Mr. Maxwell, his mother and aunt, Mrs. J. R. Maxwell and Mrs. Boynton of Santa Monica, Miss Gilliland and her brother Ted motored to the beach and spent the afternoon in Ocean Park and Venice. Mr. Gilliland, who is a building contractor in Danville, Ill., expects to join his family in Glendale as soon as he can close out his business there.

the council instructed the city manager to furnish each member with a copy of this ordinance.

Davis—Approving the annexation of the Viola district to Glendale. Also ordinance ordering opening and laying out of Garfield avenue.

The ordinance establishing the times for regular meetings of the City council was adopted.

THEATRES

Glendale Theatre

The story of a girl who accomplished great things through sheer will power, who fought men without considering the handicap of sex, is told in the new Selznick Special, "The Woman God Sent," which will be shown today at the Glendale Theatre.

Margaret Manning defeated some of the shrewdest minds of the country at their own game. Born in poverty, she struggled upward, overcoming all obstacles and becoming the leader of a great fight in Washington. A great love spurs her on and she never falters, though she suffers misapprehensions and intrigue. A series of sensational incidents culminate in a great victory, with a number of surprises for all concerned, including herself.

Written by Sophie Irene Loeb and directed by Larry Trimble, "The Woman God Sent" features Zena Keefe in the leading role, with Joe King playing opposite as her lover.

With 2500 years lapsed since their original presentation to the public, Aesop's Fables are staging a comeback and will be offered as modernized on the screen. This is the film novelty that Manager W. A. Howt will show on the same bill with "The Woman God Sent."

Palace Grand

Speed, pep and continuous action, which have characterized the series of auto race stories in which Wallace Reid has starred, are again predominant qualities in "Too Much Speed," the new Paramount picture which will show today and tomorrow at the Palace Grand.

Wally again dons the speed togs and of course wins another race and a bride in the bargain. The story, although complete in itself, again revives the characters seen in "What's Your Hurry?" he recent Paramount speed picture, and carries them on through another series of delightful situations.

Agnes Ayres is the girl and Theodore Roberts, as the father, is the love opposition. Other characters are played by Jack Richardson, Lucien Littlefield, Guy Oliver, Henry Johnson and Jack Herbert. Byron Morgan wrote the story and the scenario as well. Frank Urson directed.

Have you ever seen Al. St. John trim a window? This is an opportunity then for Manager Jensen is offering today this laugh provoking screen joke in the special comedy "The Window Trimmer."

SEEMING HARDSHIP PROVES A BLESSING

The high rent for residences prevailing in Glendale and other Southland cities the past year or more, while working a serious hardship on some families, have proved a blessing in disguise to others. More than one family from back east, lured to California by the wonderful climate and attracted to Glendale by its many charms, have balked at paying the prices asked by renters, preferring to buy a lot, put up a garage and then build a fine residence at their leisure. Glendale is dotted here and there with scores upon scores of such determined home owners, many of whom lived in palatial residences back east, but who preferred to undergo many discomforts in cramped quarters for a few months in order that the money which would have counted for nothing if paid in rents, might go into their own instead of the landlord's pocket. Some of the most beautiful homes in Glendale, costing as high as \$12,000, have been built on this plan and are now occupied by delighted owners, who forget all the discomforts and privations of the past in the joy of at last occupying a real home in this beautiful city, "gift about by the everlasting hills."

BIG VAUDEVILLE AT GLENDALE THEATRE

Manhattan's great musical clowns, claimed to be one of the most unique and novel musical acts in vaudeville, headlines the Melkieleh and Dunn vaudeville road show at the Glendale theatre, tomorrow afternoon and evening.

This aggregation uses twenty different musical instruments in its act, in addition to adding to the entertainment by singing and dancing.

Gordon and Rica, celebrated European artists, are also on the big special program with their 1921 success, "Trying to Amuse," and from the list of their accomplishments they should be able to live up to their billing. They dance and sing, provide comedy patter and have a sensational bicycle act. Dave and Nat King, "classy entertainers," have a dancing act that is different. They do all kinds of soft shoe dancing, buck and wing, and their act with clever acrobatic hard shoe specialties. They also do some comedy singing.

The chief fun-maker of the program will be "Rookie" Lewis, blackface comedian, known as the "tar baby recruit," who tells stories, sings and otherwise makes merry.

In addition to this splendid vaudeville program, the feature photoplay "The Husband Hunter," starring Eileen Percy, will be shown.

There will be no advance in the regular admission prices and a special bargain matinee for the ladies and children will be given at 2:30 o'clock. Balloons will be given to the children at the matinee.

PERSONAL MENTION

Mrs. Nina Brackney of South Louise street has as her guest Miss Margaret Felky of Chicago.

Mrs. W. C. Bourne of Murphysboro, Ill., is the guest of her sister, Mrs. T. C. Hughey of 409 West Lomita avenue.

Miss Eunice Peart of 111 East Elk avenue will be the week-end guest of friends at Laguna Beach.

Mrs. C. E. Stanford and baby, of 357 West California avenue, left yesterday for Catalina island to spend a week or ten days.

Rev. O. P. Rider, pastor of the Tropic Presbyterian church, has gone to Berkeley to attend a ministerial meeting. He will return next week.

Mr. and Mrs. G. W. Tyrell and family will return to their home on Palm drive tomorrow. They have been guests of friends at Santa Monica this week.

Mrs. Pearl Calkins of East California avenue and her sister, Mrs. Ruth Fellows, of Burbank, expected to drive to Venice this morning and spend the day with relatives.

The many friends of Mrs. David Reed of 331 West Myrtle street, who recently underwent a serious operation at the Glendale sanitarium, are delighted that she came through the ordeal so successfully.

Mrs. B. V. Brasher, of this city, is entertaining as her summer guests, her father, B. V. Brasher, sr., and her sister, Mrs. Lena Fisher, both of Dallas, Tex., who are enthusiastic over the prospects of a summer vacation in Glendale.

Dr. J. Whytock, 411 North Jackson street, attended last night the quarterly meeting of the Southern California Association of Veterinarians, held at Normal Hill center. Papers on inspection of milch cows and dairy sanitation were read and discussed.

Mr. and Mrs. N. M. Knaus, 334 Vine street, had as their motor guests last night on a trip to Brookside park, for a picnic luncheon, Mr. and Mrs. A. R. Chappell, 338 Vine street. In the party were also Miss Margaret Chappell and Miss Eloise Knaus. The return to Glendale was made by moonlight.

Mr. and Mrs. L. W. Havens, who have just purchased a new car, motored over from their home in Los Angeles last evening and visited at the home of Mrs. Havens' parents, Mr. and Mrs. J. M. Lovell of 505 North Maryland avenue. Later in the evening the party called at the homes of Mrs. Jennie L. Darling of 108 South Everett street and Mr. and Mrs. W. L. Taylor, 506 North Jackson street.

Mr. and Mrs. G. N. Armstrong, 457 Patterson avenue, will have as their summer guests Mr. and Mrs. C. W. Keller, of Omaha, Neb. Mr. Keller is a brother of Mrs. Armstrong and is here to recuperate after a period of illness. The Kellers announce that they are already delighted with California. This is their first visit to the

coast. Mr. Keller is associated with the Bloom Fixture and Supply company, of Omaha.

G. A. Stanford took out a permit this morning for the erection of a five-room residence at 202 West Lomita avenue, to cost \$5000.

A baby boy was born to Mr. and Mrs. George Milton Taylor Monday. The baby's name is to be Charles Milton. The Taylors live at 419 West Elk street.

Arthur L. Fryer took out two permits this morning, one for a three-room residence, \$1500, at 125 South

Jackson, for Mrs. Palmer; the other a six-room residence and garage, \$4200, at 402 East Chestnut, for Kate and Cora V. Treguer.

W. L. Craig, who has already built two bungalows on Virginia place, took out a permit yesterday for a third, of five rooms, at 1032 Virginia place, to cost \$3000.

A. G. Smith of 212 West Lomita avenue took out permits for four more four-room residences this morning, to cost \$2000 each, at 629, 631 and 633 East Chestnut, and 506 Oak. This will make twelve houses he has under construction.
